City Manager's Budget Message

BUDGET COMMITTEE MEMBERS AND CITIZENS OF STANFIELD, OREGON:

I am pleased to submit my budget recommendation for FY 2019/2020. The budget was prepared to facilitate the Council's goals and the ongoing provision of City services to Stanfield residents.

OVERVIEW

This budget year finds the state of the national economy to be good overall. The City's finances remain good without the need for lay-offs or other major budget cuts. Overall, the City is in very good shape financially.

FY 19/20 should see some improvements for the budget of the City of Stanfield. Since the City relies to some extent on revenues from the State of Oregon, we continue budgeting those revenues with caution, however, state transportation legislation, the City's increased franchise fees for electric utilities, and grants from the Oregon Department of Transportation have resulted in improvements in the Street Fund. The Library Fund has improved due to the community service fee that the Umatilla County Special Library District is receiving. We also anticipate that property taxes will increase compared to the current fiscal year.

While revenue increases are not large, the prospects for the City are good. Stanfield is primed for growth as our Urban Growth Boundary has recently been adjusted to include more industrial lands at the I-84/US 395 interchange, an area where our water system was expanded in 2014. These two developments make the interchange an attractive location for future commercial and industrial development. The Panoramic Ridge housing development is continuing to expand—homes and lots are sold out in Phase III, and sites will be ready for construction soon in Phase IV.

The proposed budget continues the conservative and strategic spending policy of the last several years that has allowed the City to build healthy carryover balances in each of the City's major funds, which are essential in the City's ability to continue to pay for benefit costs, payroll taxes, and necessary maintenance and improvement costs. The proposed budget continues the City's policy to maintain a contingency line item totaling about 10% of normal expenditures. This will allow for a healthy fund balance, and sufficient funds to handle unforeseen events.

FY 2018/19 BUDGET – A RECAP

- **Financial Stability.** The City entered FY 18/19 with a healthy carryover in each of the City's major funds, which have helped sustain the City's finances. With aging water and sewer infrastructure, it's hard to predict and prepare for the various maintenance issues that may arise; however, conservative budgeting, healthy fund balances, and proper levels of contingency funding provide a much-needed cushion.
- **Stage Gulch Trail:** Because of the easements that the City obtained in order to control and maintain the Stage Gulch levees, the City applied for and received grant funding from the

Oregon Parks and Recreation Department to construct a walking and biking trail along Stage Gulch. Construction on this project was completed in November, 2018, on time and under budget.

- The current budget included funding in the Public Works Funds for financing a new Public Works storage building. The previous building simply did not have enough room to get most of our major equipment enclosed and out of the weather. This project is now completed, and was finished on time and under budget. The City borrowed money to construct the facility, and the debt payments are coming out of the Streets (1/6th), Water (1/3rd), Sewer (1/3rd), and Fuel Tax (1/6th) Funds.
- The FY 2018-2019 budget included a generic Main Street Improvements line item and budgeted improvements to the City-owned building at 170 S. Main. While not completed yet, the Main Street Improvements line item was intended to pay for additional public trash receptacles and a downtown painting project. The improvements on 170 S. Main were intended to be generic improvements to make the building a “vanilla shell” that is more desirable to potential buyers. That funding paid for leveling the floor and replacing the front door. This funding has achieved its purpose, as the building will be sold within the next month.
- The current budget included funding from the State of Oregon to conduct a water rate study, which is intended to help the City plan for future costs and set rates accordingly. This rate study has begun, but is not completed yet, and will continue in the next fiscal year.
- In FY 2019-2019 the City received a \$50,000 Special City Allotment grant from ODOT that was used to chip-seal West Coe Avenue, from Main Street to Sherman Street.
- The current budget included a slight increase to the budgeted funds for the Panoramic Line and Lift Station loan in the Sewer Fund. This increase enabled to the City to completely pay off that loan early and save a small amount on interest charges.
- The current budget also included funds for a new police cruiser and public works pickup truck. The new police car will replaced a vehicle with a damaged engine, and the new public works truck replaced a pickup that has been used to the point that it was no longer cost-effective to rely on it. Soon after the fiscal year began, another police cruiser suffered the same engine damaged, and required replacement. The City Council voted to utilize contingency funds to purchase an additional new police cruiser. The two new police cruisers have been purchased, and will soon be in use.

KEY ECONOMIC FACTORS AND ASSUMPTIONS

During the preparation of the FY 19/20 budget, the City utilized several assumptions based on key economic indicators. The assumptions are as follows:

- **Property Tax Revenues** in FY 19/20 are expected to increase over the amount budgeted in FY 18/19. This assumption is based on the actual amount of property tax revenue collected in FY 17/18, and the annual increase of assessed values.
- **Population** of the city is currently estimated at 2,185. It is assumed that during the upcoming fiscal year the City’s population will not significantly increase. Population affects the estimates

for state shared revenues and state gas taxes which are distributed on a per capita basis. Population estimates are developed by Portland State University by December of each year.

- **Labor Costs:** Healthcare benefit premiums are budgeted at an overall 6% increase above FY 18/19 levels. As it has the last several years, the City has budgeted 90% of the premium cost for health care for all city employees in FY 19/20. Employees are responsible for the remaining 10%. Fortunately, in January, 2017 the City switched to a new, less expensive plan. This has resulted in significant savings to the City over the previous plan, and is continuing to save the City money, as costs increase annually by a percentage of the cost of the premium.
- **Risk Management** assumptions include the following:
 - Worker's compensation, liability, and property insurance rates are not expected to increase in FY19/20.

FOCUS OF THE FISCAL YEAR 2019/20 BUDGET

The City's total budget is \$3,751,230, which represents a 0.42% increase from the \$3,735,410 budget in FY 2018-2019. The revenue increase is attributed to property tax increases, the City's increased electric utility franchise fees, and grant funding for Street projects. On the expense side, the increase is due to annual operating and personnel cost increases, including an additional Public Works operator position.

This proposed budget continues efforts to keep our salaries competitive—it includes increases in accordance with the spring, 2019 salary and wage study.

General Fund

In the General Fund, the proposed budget includes increased funding for City hall maintenance to pay for the replacement of the HVAC system, and two new line items: Code enforcement abatements and the Library Community Room project. Funding for code enforcement abatements will provide needed funding to clean up problem properties when the property owners are unable or unwilling to cooperate. There is a system of placing liens on properties that can pay for such efforts, however, that method is uncertain and takes significant time. The City believes it is better to fund abatement efforts without the expectation of repayment. The City has been reluctant to be more active with abatement efforts in the past due to lack of funding. By funding these efforts out of the General Fund, we aim to increase City-funded abatements.

The Library Community Room project involves expanding and connecting the current Council Chambers building to the adjacent library building in order to provide a large Community Room that could host Library events and City meetings, as well as be available for private events for a fee. The first step, which is funded in this proposed budget, is to hire an architectural firm to conduct a feasibility study and put together a vision for the project. The City could then get reliable cost estimates from an engineering firm. The City can then seek to fund the project through grants, donations, and City revenues.

Public Works

The proposed budget includes funding in the Public Works Funds for a new Utility Worker I position. Maintaining and operating water and wastewater systems of our size, maintaining City streets, and taking care of the parks acreage that we provide to residents requires a large

workload. The City of Stanfield currently has only 2.75 regular Public Works employees, and 1 seasonal worker. An additional worker will provide relief to current staff, and will eventually provide another water and wastewater certified staff member, which will help significantly during turnover, sick time, and vacations. Currently, there are some projects that the City cannot undertake because there are insufficient hands available. This addition will make such projects possible.

Also in the Public Works funds, the proposed budget includes a slight increase to the budgeted funds for equipment leases in order to pay off the leases for the City's mini excavator and tractor early and save a little bit on interest charges.

Streets Fund

In the Streets Fund, the City has received a \$100,000 Special City Allotment grant from the Oregon Department of Transportation. This grant, in addition to \$61,000 in City funds, will pay for the repaving of Harding Avenue, from Main Street east toward Edwards Avenue. Funding in this fund is also included in the proposed budget to purchase a snow plow that can be attached to a City pickup truck. This will add needed flexibility to our snow plowing efforts in the winter.

Water Fund

In the proposed budget of the Water Fund, money is allocated to continue the Water Rate Study that was begun in FY 2018-2019. This study is intended to examine water rates to ensure that they are adequate for system maintenance and necessary improvements. The proposed budget does not include any rate increases, but any future rate increases will be proposed based on this study. While the City desires to keep the rate down as much as possible, it will be critical to provide an avenue to build reserve funds for the water system. When water system improvements are needed, it will be more beneficial to the community to already have that money set aside rather than having to borrow again, which necessitates large rate increases all at once, as happened when the City built large improvements to its water and wastewater systems. The proposed budget includes funding from the State of Oregon to conduct a water rate study, which will help us plan for future costs and set rates accordingly.

The Water Fund in the proposed budget also includes funding for improvements to the old downtown water tower. Funding for this purpose was included in the FY 2018-2019 budget, however it was placed in reserve while the City polled residents to make sure that the public wanted their money used on a landmark that has no practical use for the City's water system. It was previously thought that it would be beyond the City's means to repair and paint the tower, however, a recent inspection and cost estimate has shown that only about \$185,000 in painting and repairs are needed, assuming the City does not want to return it to service. The proposed budget includes \$62,000 in the Water Fund to pay for rehabilitation efforts that will preserve the structure for many more years. This funding will be insufficient to pay for painting the structure, but it will cover most of the work that must be done before painting. Painting the structure has been estimated at about \$50,000, and will need to be budgeted in the future, along with the remaining \$73,000 in repairs.

Sewer Fund

The proposed budget of the Sewer Fund provides funding for a sewer rate study and a continued large amount of funding for line maintenance. Conducting a rate study is important to ensure that system operations and improvements match the City's sewer rates. The line maintenance funding

is needed to conduct more line cleaning so that a system evaluation can be conducted in the future.

Library Fund

The Library Fund of the proposed budget includes funding for building improvements, including replacing the flooring and painting the interior. In addition, funding is included to send staff to two conferences. Funding for these items is mostly being provided by donations and grants.

Fuel Tax Fund

The FY 2019-2020 budget includes funding in the Fuel Tax Fund for beginning the Panoramic Ridge Neighborhood Park and a small link to the Stage Gulch Trail along an existing City right-of-way. The park has long been planned, and is identified in the City Parks Master Plan. The developer of the Panoramic Ridge subdivision is contributing land to the City, which will include an installed irrigation system and be seeded for grass. The City will eventually install a parking lot, picnic shelter, picnic tables, benches, a basketball court, a bathroom building, playground equipment, and walking paths in the park. The funding in the proposed budget will begin, but not complete, this process.

Areas of Ongoing Monitoring

Library Fund: Due to limited revenue from the Umatilla County Special Library District, our Library fund is limited and will not be able to keep up with rising costs in the future. However, the proposed budget includes enough funding to satisfy personnel costs and contingency funding for now. This is an area that will need continued monitoring in the future.

ACKNOWLEDGEMENTS

In closing, I express my thanks to Gerald Carlson, Finance Director, for his efforts in helping coordinate the budget process, and to the department directors and staff that have contributed to the creation of this document. Lastly, I thank the Budget Committee and City Council for your continued support and analysis of the budgetary issues facing the City. It is with your help that the City will continue to grow and improve the quality of life for all of its citizens.

Respectfully submitted,

Blair Larsen
City Manager & Budget Officer

CITY OF STANFIELD

The City of Stanfield is conveniently located on Highway 395 off of I-84 in northeastern Oregon. It is situated in Umatilla County just 10 minutes south of Hermiston, about 30 minutes from Pendleton, and about a 45-minute drive to the Tri-Cities, WA. It is also only 15 minutes from the mighty Columbia River, and the Umatilla River runs along its western edge. Stanfield is a friendly and inviting place to live, work or locate your business.

The City boasts an array of parks for all ages with baseball and soccer fields, and basketball courts as well as playgrounds and walking paths. The City has also grown into a regional player and partner in transportation and quality government, and the City is poised for effective economic growth and development.

CITY GOVERNMENT**City Government**

Stanfield was first incorporated in 1910. Stanfield has been organized under a council-manager form of government since 2006. Administrative authority is vested in the City Manager while the City Council exercises legislative authority. Stanfield is served by a seven-member City Council including the Mayor and 6 Councilors, elected to staggered terms of four years. The City Council usually meets twice a month to conduct city business. The City Council guides the city by setting goals, passing ordinances, adopting resolutions, authorizing contracts, and adopting budgets.

City services are delivered by five departments:

- Administration
- Public Works
- Police
- Municipal Court
- Library

5-YEAR COUNCIL GOALS

In March, 2017, the City Council held a goal-setting workshop where they revised the City's vision and identified and prioritized goals to guide budget decisions and projects the City would like to pursue. The workshop included feedback and participation from the public.

VISION

“Stanfield is a welcoming and inclusive community, known for its hometown atmosphere, quality housing, business and development friendly government, and continued, measured growth.”

GOALS

Goal	Dept.	Progress Update
<input type="checkbox"/> Develop the I-84/US-395 Interchange by expanding the City’s Urban Growth Boundary at the Interchange to provide larger industrial parcels attractive for development, and attracting a hotel development.	Admin	The Urban Growth Boundary adjustment has been completed.
<input type="checkbox"/> Conduct a salary study and implement a cost-of-living adjustment every two years	Admin	Completed for Spring, 2019. Next study scheduled for Spring, 2021.
<input type="checkbox"/> Provide competitive Police Officer salaries	Police	Done (for now).
<input type="checkbox"/> Work with Utilities to raise franchise fees to 7%	Admin	Done for Electric utilities. Due to the existing agreement, Cascade Natural Gas can't be done until 2023. Increasing the cable franchise has some legal entanglements, and I want to wait until Hermiston tests their increase before proceeding.
<input type="checkbox"/> Increase library hours to 10am-6pm, Monday through Friday	Library	Done.
<input type="checkbox"/> Develop Capital Improvement Plans for all funds	Public Works	Included in the current Water Master Plan and Parks Master Plan. The proposed budget includes funding for a Wastewater System Evaluation, which will include a Sewer CIP. Funding is needed for a Streets CIP.
<input type="checkbox"/> Improve the Police Department’s image in the public eye through community outreach programs and increased visibility	Police	PD has implemented a facebook page, community garden, other ways to promote their good work and build rapport with the community.
<input type="checkbox"/> Conduct Council-Business Owner meetings once or twice a year.	Admin	Not yet begun.
<input type="checkbox"/> Conduct a 5-year forecast, update it annually	Admin	Not yet begun.
<input type="checkbox"/> Expand the part-time code enforcement officer position into a three-quarter time community resource officer	Police	Done.
<input type="checkbox"/> Prepare an annual performance measurement report by department annually.	Admin	Not yet begun.
<input type="checkbox"/> Conduct an Annual City Cleanup project	Public Works	Ongoing.

<input type="checkbox"/> Update the City website quarterly	Admin	Begun, but needs improvement.
<input type="checkbox"/> Develop a project list for volunteers to help with	Public Works	Not yet begun.
<input type="checkbox"/> Construct a bike path to Pilot	Public Works	Long term goal--funding is needed.
<input type="checkbox"/> Develop a trail along Stage Gulch	Public Works	Done.
<input type="checkbox"/> Rehabilitate the Old Water Tower	Public Works	In process--some funding is included in the 2018-2019 Proposed Budget.
<input type="checkbox"/> Replace and add additional playground equipment	Public Works	In process--new equipment has been ordered (and paid for), will be installed Summer, 2018.
<input type="checkbox"/> Support building costs and contingencies with the City's general fund	Library	Done.
<input type="checkbox"/> Improve Park Signs	Public Works	Not yet begun.
<input type="checkbox"/> Install local history markers in parks and other open spaces	Public Works	Not yet begun.

THE BUDGET PROCESS

All Oregon cities are required to prepare an annual or bi-annual budget as a governing document for the City's actions in the coming fiscal period. The process followed in the preparation of this budget complies with local budget law established by the State of Oregon. Oregon's Local Budget Law does two important things: 1) establishes standard procedures for preparing, presenting, and administering the budget and 2) requires citizen involvement in the preparation of the budget with public disclosure of the budget before its formal adoption.

The City of Stanfield operates its fiscal year from July 1 to June 30 each year. The City Manager serves as the Budget Officer and has the responsibility to prepare the budget document, present the budget message to the Budget Committee and to maintain budgetary control at the approved appropriation level. In accordance with Oregon Budget Law, the Budget Committee consists of the seven members of the Stanfield City Council and an equal number of citizens. The Committee is tasked with reviewing the proposed budget and amending it where desired. Budget Committee meetings are public meetings and an opportunity for citizen comment is provided at each meeting. City staff attend the meetings to provide technical analysis and support to the Committee. At the conclusion of the meetings, the Budget Committee approves a balanced budget that is forwarded to the City Council for adoption.

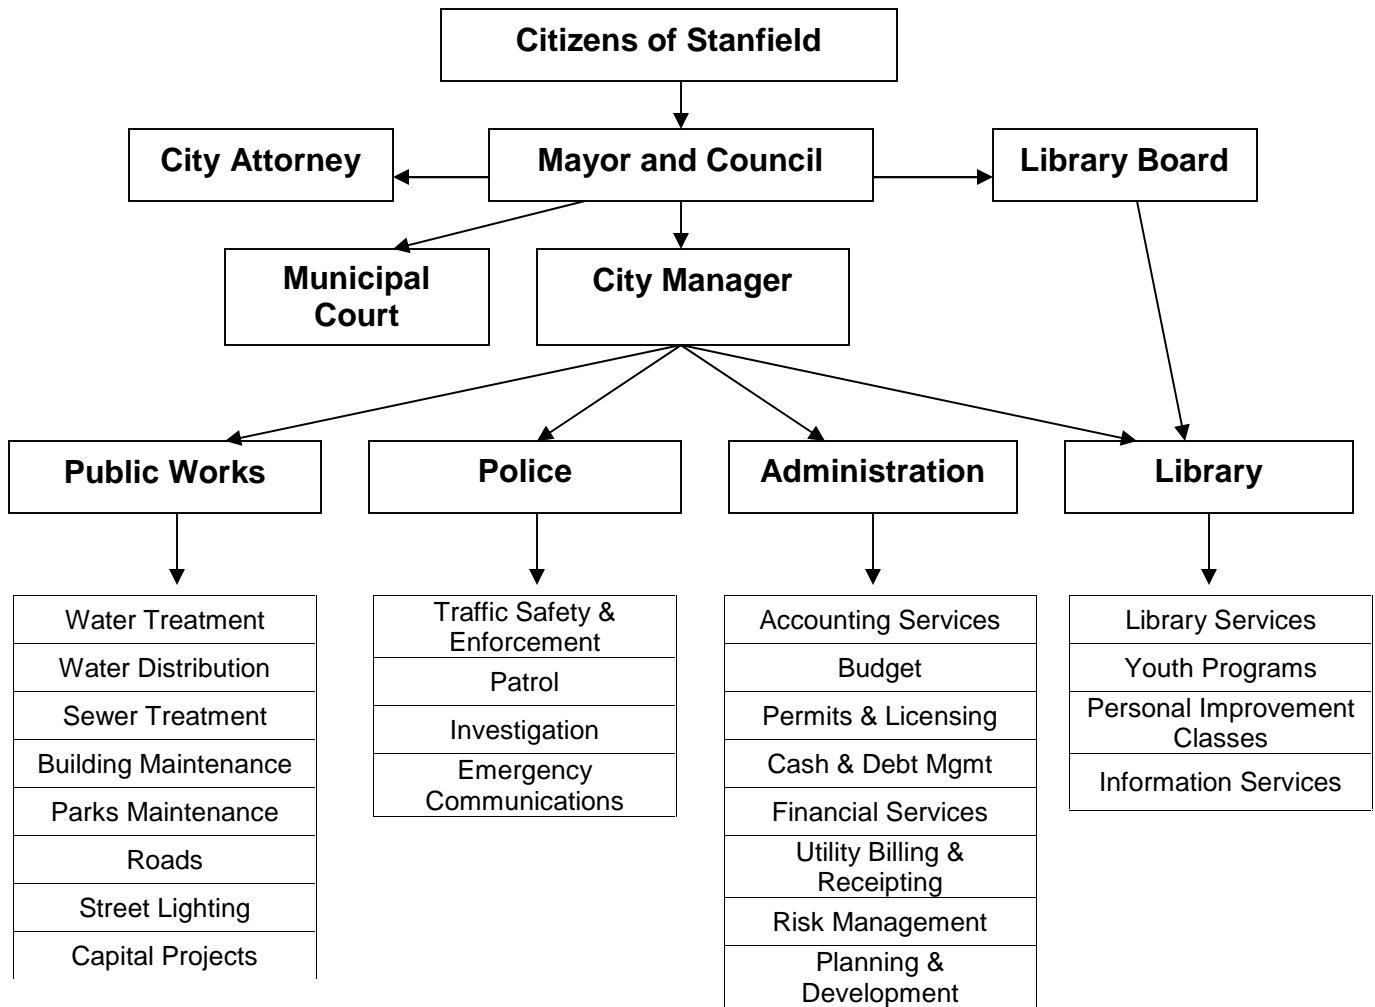

Prior to the adoption of the final balanced budget, the City Council is required to hold a public hearing on the budget. The Council may make additional changes to the budget before adoption via a budget resolution. The budget must be adopted prior to July 1.

BUDGET STRUCTURE

Detailed fund revenue and expenditures information is compiled utilizing an accounting structure required under Oregon Budget Law. The structure conforms to the following hierarchy:

- A **Fund** is defined as a fiscal entity which records assets and liabilities, and revenues and expenditures for specific operating or capital programs.
- A **Department** is a separate unit within the fund which serves a specific function in relation to the fund programs.
- A **Category** is a classification of expenses within a department including Personal Services, Materials and Services, Capital Outlay, Transfers, Debt Service and Contingency.
- A **Line Item** is a specific expenditure within the category. Vehicle Maintenance is an example of a line item within the materials and services category.

CITY-WIDE ORGANIZATIONAL CHART

NOTICE OF BUDGET HEARING

A public meeting of the Stanfield City Council will be held on June 4, 2019 at 6:00 pm at Stanfield Council Chambers, 150 W. Coe Avenue, Stanfield, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2019 as approved by the Stanfield Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at 160 South Main, Stanfield, OR, between the hours of 8:00 a.m. and 5:00 p.m. This budget is for an annual budget period. This budget was prepared on a basis of accounting that is the same as used the preceding year.
